

## Company mission to Poland in the field of Earth Observation, Remote Sensing & GIS

**Warsaw: 16-19 February 2010**

### REGISTRATION FORM

**Company/Organisation name:**

**GEOSYSTEMS HELLAS S.A.**

**Sectors:** *(in what sectors are you active?)*

1. REMOTE SENSING
2. WEB GIS TECHNOLOGIES
3. PHOTOGRAMMETRY
4. GPS NETWORKS
5. NAVIGATION/AVL

**Activities / short profile:**

The company is an ERDAS All products and solutions Authorised Distributor and reseller of all kind satellite imagery, dealing with satellite & digital airborne RS projects having full access to the metrica GPS network in Greece. Is a member of GEOSYSTEMS IN EUROPE ([www.geosystems-group.eu](http://www.geosystems-group.eu)).

### COMPANY PROFILE

**Title:**

**GEOSYSTEMS HELLAS S.A.**

**What you offer:**

GEOSYSTEMS HELLAS SA was established in November 2009 as GEOSYSTEMS EU GROUP Member acting commercially as ERDAS solutions distributor and as consultant in Greece and Cyprus on subjects of Environmental Monitoring (as partner of Metrica SA [www.metrice.gr](http://www.metrice.gr)), Photogrammetrical and RS projects and R&D projects for land management. Modelling and pilot implementation of a geospatial database and monitoring practice, based on ISPIRE principles, risk management, development and implementation of programmes for environment management systems. Complete range of photogrammetrical & remote sensing knowledge and possibilities of value-added services with innovative and outstanding geo products. Member of the Hellas GIS Committee, Hellenic Photogrammetrical & RS Committee, Technical and Geotechnical Greek Chamber.

**Short profile of staff members**

Errikos Skassis, 1983: Diploma at Technical Education Institute for Electric engineer; 1987: Diploma at NTUA Electric/Mechanic Engineer; 1987: Diploma Thesis at NTUA in electronic-computer design(10/10). He has experience in UNIX Administrator level, Programming with Pascal, Fortran, Basic Geodesy, GPS, Remote sensing, Photogrammetry, Total Stations, data loggers, Environmental systems and measures analysis, Laser Scanning technology and Industrial measuring at height accuracy applications. Founder of METRICA AE and GEOSYSTEMS HELLAS SA.

Vasiliki (Betty) Charalampopoulou, Degree in Geology, National University of Athens; Master in Environmental Geochemistry. She is experienced in GIS, Remote Sensing, photogrammetry. Worked as a project manager for many nationally and internationally funded projects in the field. External associate and consultant in RS/Photo & GIS integrated total solutions as tool of analysis for 5 private companies and for several public services. Produced several studies. Annual participation to Sales & Technical Meetings of ERDAS & Leica Geosystems Geospatial Imaging and Sales & Technical Meetings of Eurimage / Satellite data provider. Member of GEOTEE (Num: 4-02028/1993); of the Greek Union of Geologists; of the Hellenic Union of Photogrammetry & RS and of the Hellenic Union HELLAS GI.

Hippocrates Pappas, Bachelor in Engineering, University of Southampton; MSc in Engineering Business Management, University of Warwick. His academic research is in the field of "Modelling the decisions at the early stages of New Product Development", n partial fulfilment for the degree of MSc in Engineering Business Management (2001-2002) and "Solar Assisted District Heating Systems (SADH). Design of a suitable system for a suitable application", in partial fulfilment for the degree of BEng in Mechanical Engineering (1996-1999). He has experience as a Mechanical engineer assistant, Environmental Business Unit Manager, Application engineer in the environmental sector and other.

**Collaboration details:**

Type of collaboration(s) sought (*Mark with X*):

- |  |   |
|--|---|
| <input type="checkbox"/> License Agreement   | <input checked="" type="checkbox"/> Commercial Agreement          |
| <input checked="" type="checkbox"/> Technical Co-operation                         | <input checked="" type="checkbox"/> Research & Development        |
| <input type="checkbox"/> Joint Venture Agreement                                   | <input checked="" type="checkbox"/> Partner Search for EU Project |
| <input type="checkbox"/> Manufacturing Agreement (Subcontracting & Co-contracting) |   |

**What you are looking for:**

Interest for Industry and Research partners from similar sectors that GEOSYSTEMS HELLAS S.A. is dealing with, for joined proposals.
