

Company mission to Poland in the field of Earth Observation, Remote Sensing & GIS

Warsaw: 16-19 February 2010

REGISTRATION FORM

Company/Organisation name:

Lisippos S.A. - Aerofilms Ltd

Sectors: *(in what sectors are you active?)*

1. GIS
2. Photogrammetry
3. Surveying
4. UAV
5. Real Estate

COMPANY PROFILE

Title:

Lisippos Consulting Engineers SA
Aerofilms Ltd

What you offer:

Lisippos SA is a well known newly formed Engineering Consulting Company, with a turnover of 2 million euros undertaking Projects of Public the Public Sector eg. Urban & Land Planning, Road Planning, Surveying/Photogrammetry/Laser Scanning/GIS, Environmental Assessment Sequencies, Real Estate Valuation and Design etc. The Company is part of the Praxilla GROUP which is active in the Telecom Market in Greece, Cyprus, Romania, Albania and Middle East.

Aerofilms Ltd is a UAV/UAS (Unmanned Air Vehicle/System) Manufacturer and Operator Company. It operates VTOL (Helicopter type) and Airplane platforms in low Altitude/Long Edurance under Manual/Automatic/Robotic mode. Aerofilms is intergrating systems with interchangeable payloads (cameras, sensors and other custom products) eg. a 10 Mpx RGB, Video, Thermal Video, Gas & Radiation sensor and Telemetry Data. Aerofilms is also prototyping Sense and Avoid equipment and a new Thermal Camera for the UAV/UAS market. There is also a good activity over the two last years in the Iternational Projects eg Interreg, Europe-Aid, FP6, Research etc. Aerofilms Ltd is also active in Cyprus and FYROM.

Both Companies offer very good connections/contacts in their field of activity in the Greek territory. They are active in the Commercial and Reasearch Market.
